Yes!

We own it!

Our power!

We own all that is necessary to get started - website names including the app: humanissexier!

We just need to start building the community!

Whenever - you are ready!

Note 1

Please!

No misunderstandings!

#humanissexier

- is not anti-progress
- is not anti-AI in general
- is not denying medical nor scientific benefits of AI technologies

It is about transparent, not commercialism driven, democratic and humanist internet and social media.

THE WAY

THERE IS NO OTHER

HAVE THOUGHT IT THROUGH SINCE YEARS FOLLOWING MOST RECENT NEUROSCIENCES, AI AND ROBOTICS. HAVE OBSERVED WORLD POLITICAL DEVELOPMENTS. HAVE DUG DEEP INTO THE PHILOSOPHY OF THE HUMAN MIND, SOUL AND THE FREEDOM OF WILL.

HAVE BEEN READING A LOT OF SOCIAL AND MEDIA PHILOSOPHIES.

THE CONCLUSION IS:
HUMAN FREE WILL AND SPIRIT WILL INEVITABLY VANISH WITH ANY COMMERCIAL AND POWER ASPIRING AI TECHNOLOGIES.

THE ONLY WAY FOR HUMANITY TO BE OF FREE WILL AND SPIRIT IS EXACTLY THAT

#HUMANISSEXIER

The calculation

Is fairly easy and obvious:

We humans are by far the wealthiest group in the world.

We are 7.96 billion humans worldwide in 2022. If half of us donate an average of 50 cents a week and some very wealthy are willing to donate a lot we are by far the richest group in the world.

It just needs us all to get the job done.

OUR IDENTITY

WE HAVE TO IDENTIFY OURSELVES AS HUMAN

- MIND, SPIRIT, SOUL, BODY. TO MAKE THIS MOVEMENT POSSIBLE. NOT AS BLACK, WHITE, RICH, POOR, ETHNIC, ACADEMIC, HIPPIE, YUPPIES, QUEER, STRAIGHT, EMPLOYERS, EMPLOYED:

WE ARE HUMANITY.

EDUCATED OR IN ALITERACY

SMARTER OR LESS - WE ONLY HAVE TO BE SMART ENOUGH TO KNOW WE DON'T WANT ANYBODY TO MESS UP OUR OWN THOUGHTS, FEELINGS AND WILL: YES, SEE, YOU NOTICE, YOU DO HAVE THIS FREE WILL: THIS IS YOUR AND OUR POWER AS HUMANS.

NOBODY SHOULD TAKE THIS AWAY FROM US.

Stephen Hawking on AI:

"Success in creating effective AI, could be the biggest event in the history of our civilization.

Or the worst.
We just don't know.

So we cannot know if we will be infinitely helped by AI, or ignored by it and side-lined, or conceivably destroyed by it,' Hawking said during the speech.

„Unless we learn how to prepare for, and avoid the potential risks, AI could be the worst event in the history of our civilization. It brings dangers, like powerful autonomous weapons, or new ways for the few to oppress the many. It could bring great disruption to our economy."

"I think the danger of AI is much greater than the danger of nuclear warheads

- by a lot.

Mark my words:

AI is far more dangerous than nukes".

- Elon Musk -

The time related urgency

While we humans are stuck to our smart phones, flirting with the cute little robot in a commercial car exhibition, or hoping for medical tec improvement through AI:

all

political and cooperate super powers of the planet are right now in the decisive race for ultimate domination and control of deep AI, quantum technologies and social medias and therefore of humanity.

Google, Meta, Twitter, Neuralink and many more

"Humanissexier"

is a start, a non profit communication infrastructure for all of us to make a stand for humanity.

#humanissexier

does not have any political nor religious nor ideological agenda. It is just about humanity's freedom of mind. Nothing less.

It is actually for the first time in history that all humans, all the people of the planet, will have to stand together without any social, cultural nor ethnic barriers nor aim for gain. Just for the mere survival of our free will and soul.

Create a place in your town for people: a theatre, gallery, cafeteria, an artistic collaboration in the awareness that humanissexier. The idea is to join with other groups and people to exchange information, create events, communicate.
